

PVC vacuum press machine

Introduction

1. This machine has 2 work tables ,when working on the first table, we can prepare the second table on feeding and fixing material

2. The components are produced by famous domestic enterprises with good quality. The temperature and time is controlled by button so that with easy operation and clear English guides.easy for maintenance also in future

3. Use professional heating coil and spread by Aluminum sheet heating system and high quality heat preservation material, which can ensure evenly heating and energy saving.

4. Each working table with stainless steel materil, stronger.falt ,no deformance, and the holes for absorbing air are processed by Fiber laser cutting machine ,high precision

5. This machine uses high technology vacuum pump. It is stable and reliable and the maintenance work is simple.

6. With alarm system. after heating reached, it alarms to remind for next step or accident happens, we can stop in time and the light inside can be visible for see the PVC film or veneer changing

Applicable covering material and the working materials

PVC film

MDF board, Plywood, OSB board, and other wooden materials with breathable
It is applicable to cover furniture, sound box, cabinets, relief door, decorative panels and all kinds of baroque decorative surfaces with PVC films and natural veneer and hot stamping foils,

Technical parameters:

- 1) External dimensions: 5500 x 1,400 x 1,400mm
- 2) Worktable dimensions: 2,500 x 1300x 50mm
- 3) Max. processing height: 80mm
- 4) PVC thickness:0.1-0.35mm;
- 5)Max vacuum press:-0.1Mpa;
- 6) Air pump:2.2KW
- 6) Total power: 15kW
- 7) Actual power:5kW
- 8)Machine weight: 1200kg
- 9)Package:Standard export wooden box
- 10)Packing size:3.1*1.9*2.32m
- 11)Gross weight:1300Kg
- 12)Warranty:One year
- 13)Delivery time:Within 15working days
- 14)Payment:TT

Package&delivery

After sale-service

- 1.24 hour technical support by email or calling
- 2.User-friendly English manual for machine using and maintaining if you visit us.we can also record a DV/VCD show you how to operate the machine free
- 3.Free replacement for the machine parts without the human factor during the warranty, (Customer pay the deliver cost)
